Roots

Leaves

Flowers

BP

cytokinetic process
tRNA aminoacylation

plastid membrane
organelle outer membrane
outer membrane
thylakoid membrane
chloroplast thylakoid membrane

CC

transmembrane transporter complex
thylakoid membrane
oxidoreductase complex
proton-transporting two-sector
ATPase complex catalytic domain
chloroplast thylakoid membrane

microtubule cytoskeleton
perinuclear region of cytoplasm
ribosomal subunit

ATP binding

MF

ligase activity, forming
structural molecule activity
